

Track to Procurement

AT NOPB, WE ARE CONNECTED AND WE WANT TO WORK WITH YOU.

Small Business Contracting Program

Local and small businesses are a critical part of creating economic vitality in the region. As a part of NOPB's Procurement objectives, we aim to increase the proportion of funds spent with qualified local and small business firms in construction, professional services, and goods and services.

NOPB's Small Business Contracting Program is designed to develop mutually valuable professional relationships with local and small businesses to increase the number of small businesses, including minority-owned, women, disadvantaged firms and Service- Disabled Veteran-Owned Businesses applying and competing for NOPB contracts.

As Easy as 1...2...3... Register Your Company Today

Step One: Complete the Small Business Program contact form and submit it to procurement@railnola.com, online at www.railnola.com, or by mailing it to the address below.

Step Two: Monitor the NOPB's website at www.railnola.com/business/procurement weekly to review current opportunities in construction, professional services, and goods and services. Also review the Upcoming Projects available on the website. Please note: these are forecasts only, and are subject to change.

Step Three: Contact the Small Business Program at procurement@railnola.com to determine if it would be beneficial to schedule a meeting to discuss contract opportunities and your company's capabilities.
