

NEW ORLEANS PUBLIC BELT RAILROAD

NOPB Freight Tariff 9000-A has been supplemented and amended to include Item 87, as follows, effective April 1, 2021:

ITEM 87

MILITARY TRAINS

Upon request and when resources are available, NOPB will provide overhead train service for non-dimensional military trains with locomotive power received from a delivering carrier for movement to another connecting carrier with no switching en route. The charge for this service is \$5,000 per train, and will be billed to the delivering carrier. Service under this Item is subject to advance agreement with the delivering carrier regarding locomotive use, fuel use, and other operational arrangements. Requests for dimensional military trains shall be submitted in writing to the NOPB's Vice President, Engineering and may be subject to additional fees.
